

Human Trafficking CME Required for Medical License Renewals on or after September 1, 2020.

As part of the 24 formal hours of CME required every 24 months, a course in human trafficking prevention must be completed.

- The course must be approved by Health and Human Services (HHS), and
- The course may be credited towards the requirements for medical ethics or professional responsibility for any physician.

See HHS's [Health Care Practitioner Human Trafficking Training page](#) to access the free course that satisfies these requirements, and for more information about this requirement.
